 caesarstone®  
Mineral™

# A new benchmark in Sustainable *Mineral Surfaces*

## Pioneering the Crystalline Silica-Free revolution

Since 1987, Caesarstone's determination to push the boundaries of design has seen our brand launch more new surface innovations over the past three decades than any other brand in our category.

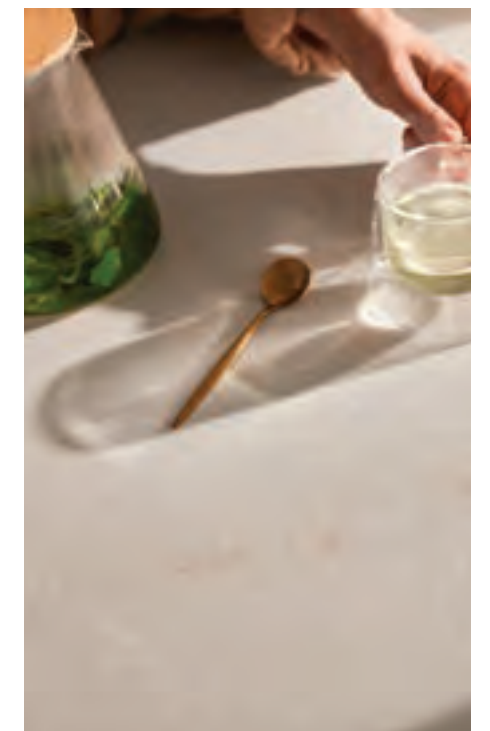

Our spirit of invention continues today as we proudly lead the way in sustainable mineral surfaces. By pioneering the Crystalline Silica-Free revolution we lead a new era of surface design.

By blending natural minerals and recycled materials with Caesarstone's contemporary designs, Caesarstone Mineral™ Crystalline Silica-Free surfaces set a new benchmark in style, safety and sustainability.

A world-leading innovation, available first in Australia, our revolutionary crystalline silica-free surfaces deliver high resistance, durability, aesthetics, and exceptional design versatility.

With an extensive range of diverse styles, you'll find the ideal surface solution for kitchen benchtops, splashbacks and applications in bathrooms, laundries, furniture and commercial interiors.

Visit our website for availability within your state.

Make your home  
*feel like you.*

5140 Dreamy Carrara™

## Beautiful kitchens. *High performance* benchtops.

Caesarstone's premium Mineral surfaces feature superior stain, scratch and heat resistance.

Perfect for kitchen benchtops, splashbacks and large islands, Caesarstone Mineral™ is at the forefront of technical innovation and contemporary surface design.

5310 Brillianza™

#### 5113 Solenna™

On the warmer side of the palette, the bone white base of Solenna™ features prominent veining in raw umber, amber and putty grey. The sweep of veins is random and varying in intensity, bringing added depth to this design.

#### 5140 Dreamy Carrara™

Inspired by the classic pure white of Carrara marble, Dreamy Carrara™ features a silky white, light-reflective base overlaid with a subtle, irregular tracery of fine veins in earthy greys. Occasional, slightly darker veins, varying in intensity, bring dynamic movement to the overall slab.

## Innovative *pioneering* designs.

Caesarstone's extensive on-trend collection of marble, stone, industrial inspired and mono-tone designs and colours provide a palette, where you are sure to find a design which is just like you.

#### 5310 Brillianza™

Featuring a luminous, quartzite translucency, Brillianza™ is a complex pastiche of frosty white veins and powder-peach mineral accents atop a lustrous cool grey base. Its natural lustre creates a visual intrigue that changes throughout the day, depending on the light.

Create  
*extraordinary*  
moments.

# Luxurious *bathrooms*

Caesarstone Mineral™ surfaces bring a timeless elegance to the bathing space.

Their superior non-porous durability and easy to care for characteristics bring a truly beautiful, high-functioning surface for the bathroom environment that is exceptionally resistant to stains, scratches and heat.

Caesarstone Mineral™ carries a lifetime warranty.

to premium M4 designs

Caesarstone Mineral™ surfaces  
are made from natural minerals,  
and therefore some variation in  
colour may occur. The colours  
in this brochure are printed to  
the highest standard, however,  
should only be used as an  
indication, not an exact match  
of the actual product colour.  
We always recommend making  
final selection where possible by  
viewing a large format sample at  
Caesarstone showrooms.

Long-Lasting Finishes

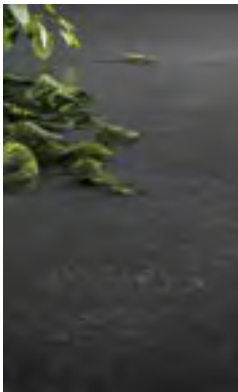

To bring out the best in your design, we offer a variety of finishes which protect and guarantee their long-lasting durability and beauty without the need for sealants or wax.
